# Chairman's Message

**I**t gives me immense pleasure to welcome you to Dhaka Central International Medical College (DCIMC) for the academic session 2025–2026.

Choosing a medical profession is one of the most significant and noble decisions in a student's life. At DCIMC, we are deeply committed to nurturing competent, compassionate, and ethically grounded medical professionals who will serve humanity with dedication and excellence. Our institution was established with a clear vision—to provide quality medical education that meets both national and international standards.

DCIMC offers a student-centered learning environment supported by experienced faculty members, modern academic facilities, well-equipped laboratories, and a teaching hospital that ensures extensive clinical exposure. Alongside academic excellence, we emphasize discipline, professionalism, research orientation, and moral values to shape our students into responsible physicians of the future.

We understand that the journey of medical education demands perseverance, integrity, and continuous support. Therefore, DCIMC strives to create a safe, inclusive, and motivating campus atmosphere where students can grow intellectually, professionally, and personally. Our goal is not only to impart knowledge but also to inspire leadership, empathy, and lifelong learning.

I warmly invite aspiring medical students to join DCIMC and become part of an institution that values excellence, innovation, and service to mankind. I am confident that your journey here will be rewarding and transformative.

I wish you every success in your academic pursuits and future medical career.

**Md. Motazzaroul Islam**

Chairman, Governing Body

Dhaka Central International Medical College & Hospital

## Principal's Message

I am delighted to welcome prospective students to Dhaka Central International Medical College (DCIMC) for the academic session 2025-2026.

Medical education is a journey that demands academic excellence, clinical competence, ethical responsibility, and a deep sense of compassion. At DCIMC, we are committed to providing a robust academic framework that integrates sound theoretical knowledge with hands-on clinical training, ensuring our graduates are well-prepared to meet the evolving challenges of modern healthcare.

Our institution takes pride in its highly qualified and dedicated faculty members who continuously strive to create an engaging and supportive learning environment. We emphasize outcome-based education, continuous assessment, research aptitude, and patient-centered care to help students develop critical thinking and professional confidence from the very beginning of their medical careers.

Beyond academics, DCIMC fosters discipline, integrity, and mutual respect, creating a campus culture that supports personal growth and professional development. We believe that every student possesses unique potential, and our role is to guide, mentor, and inspire them to achieve excellence while upholding the highest standards of medical ethics.

I warmly invite aspiring medical students to join DCIMC and become part of a dynamic academic community dedicated to learning, service, and innovation. I am confident that your time at DCIMC will be both intellectually enriching and professionally fulfilling.

I wish you success in your pursuit of medical education and a bright future ahead.

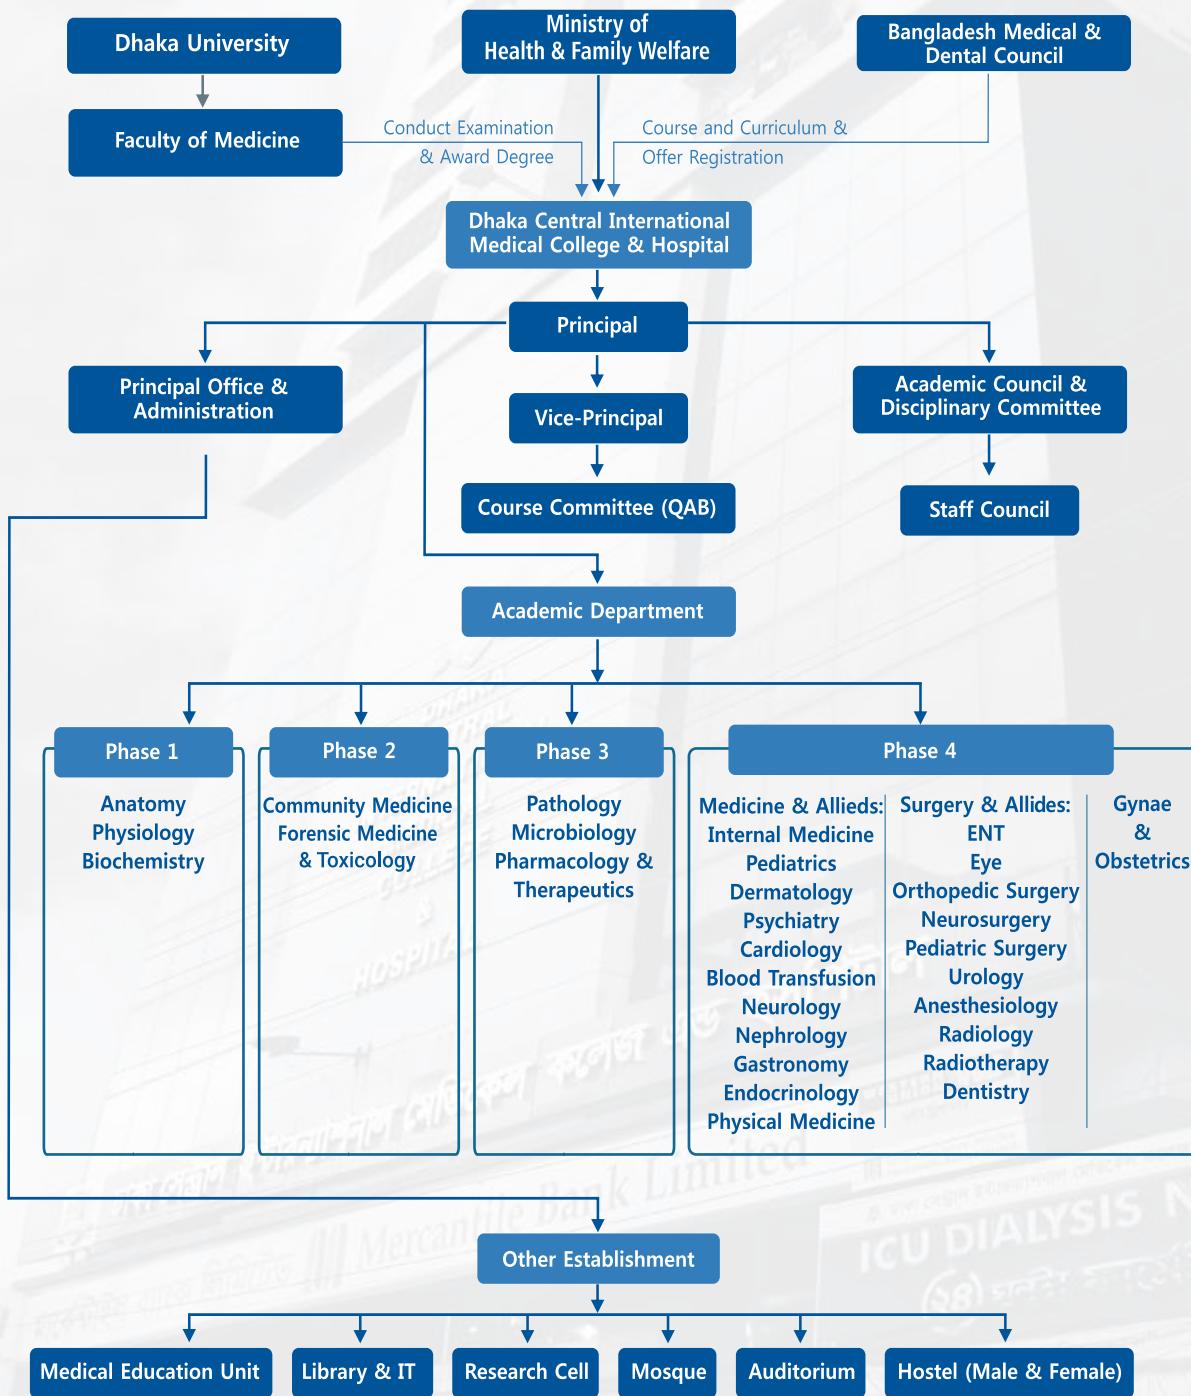

*Matin*

# MBBS COURSE

## BASIC INFORMATION

### 1. Name of the course

- Bachelor of Medicine & Bachelor of Surgery (MBBS).

### 2. Basic qualifications & prerequisite for MBBS Course

- HSC or equivalent with science (Biology, Physics, Chemistry).
- Candidates has to secure a required grade point in the SSC and HSC examinations.
- Candidate has to secure a required grade point in the MBBS admission exam.

### Foreign student admission requirements

Foreign students need to apply according to the rules & regulations of their respective countries through their Embassies. Students need to collect equivalence certificates of S.S.C Level and H.S.C A Level from the Director General of Health Services, Governments of People's Republic of Bangladesh.

### 3. Student selection procedure for MBBS course

As per approval by the DCIMC admission committee, selection will be made.

- According to the MBBS admission test merit list.
- 5% of total students will be selected based on poor and meritorious quota
- 2% freedom fighters quota.

### 4. Medium of instruction

- English

### 5. Duration

MBBS course comprises of five years, followed by logbook and one year Internship training.

# MBBS COURSE BASIC INFORMATION

## COURSE STRUCTURE, DURATION AND MARKS DISTRIBUTION

The MBBS course is divided into four phases

PHASE	DURATION	SUBJECTS	EXAM MARK	EXAMINATION
1 <sup>st</sup> Phase	1.5 Year	Anatomy Physiology Biochemistry	500 400 400	First Professional MBBS
2 <sup>nd</sup> Phase	1 Year	Pharmacology & Therapeutics Forensic Medicine & Toxicology	300 300	Second Professional MBBS
3 <sup>rd</sup> Phase	1 Year	Community Medicine Pathology Microbiology	300 300 300	Third Professional MBBS
4 <sup>th</sup> Phase	1.5 Year	Medicine & Allied Subjects Surgery & Allied Subjects Gynaecology & Obstetrics	500 500 500	Final Professional MBBS

**Pass Mark is 60% in each Written, Oral &  
Practical/Clinical Exam Separately**

Marks and pattern of questions in written examination in each subject are distributed as, 10% of the marks of written examination of each paper of each subject is allocated for formative assessment, 20% is allocated for MCQ and 70% for SAQ (Except in Com. Medicine). There are separate answer scripts for MCQ examinations. There are twenty MCQ Questions for each written paper. Each question has got five items, Time allocation is 30 minutes for 20 MCQ questions, and two & half hours for the SAQ questions.

# PROFESSIONAL EXAM RESULT

This section is included to demonstrate the academic standards, examination performance, and overall educational outcomes of the medical college. By presenting the results and honors marks of professional MBBS examinations from the academic years 2024 and 2025, it reflects the institution's commitment to academic excellence, quality teaching, and consistent student achievement in accordance with the guidelines of the affiliating university and regulatory authorities.

Session	No of Student	Passed	% of Pass	Hon's Mark
1 <sup>st</sup> MBBS Professional Exam - Regular (2022-23 Session) ( <b>November 2024</b> )	83	79	92%	02 (Anatomy & Biochemistry)
2nd MBBS Professional Exam - Regular (2021-22 Session) ( <b>November 2024</b> )	62	53	85%	05 (Forensic Medicine)
2nd MBBS Professional Exam - Irregular (2021-22 Session) ( <b>November 2024</b> )	12	9	75%	-
3rd MBBS Professional Exam - Regular (2020-21 Session) ( <b>November 2024</b> )	89	82	92%	02 (Microbiology & Pathology)
Final MBBS Professional Exam - Regular & Irregular Curriculum ( <b>November 2024</b> )	82	60	73%	01 (Medicine)
Final MBBS Professional Exam - Regular & Irregular Curriculum ( <b>May 2025</b> )	76	55	72%	01 (Medicine)

Current Students (DCIMC-09 To DCIMC-14)			
Country	Male	Female	Total

<b>Total Passed Students</b>	<b>616</b>

# ACADEMIC FACILITIES

Dhaka Central International Medical College (DCIMC) is a one of the modern state of art academic institutions, which is approved by the Ministry of Health & Family Welfare, Govt. of People's Republic of Bangladesh, Bangladesh Medical & Dental Council (BM&DC) and affiliated by the University of Dhaka. DCIMC also has most well equipped Hospital facilities and highly qualified consultants.

## A brief description of the available facilities is given below:

- Lecture Halls with audio-visual facilities and communication.
- Adequate spacious classrooms and tutorial room for the each department.
- Laboratories and dissection facilities for all the students.
- Centrally monitored and computerized library.
- Centrally air conditioned campus.
- Common room for the female students.
- WI-FI campus.
- Modern teaching methods.
- Prayer facilities for the students and staffs.

## LIBRARY

The college library is spacious, well-furnished and fully air-conditioned with comfortable sitting arrangement, located in the academic building. It has a good collection of medical textbooks, references, monographs, and journals in various subjects which can provide up to date informations to the students and teachers. The library is also equipped with computers. It has user friendly access system, the library is provided with separate area for students as well as teachers. It remains open from 9:00 am to 9:00 pm in all working days. We established Bangabandhu corner in the library last year.

# FACILITIES & SUPPORT SERVICES FOR FOREIGN STUDENTS

- Dedicated academic guidance and counseling services are provided to support foreign students in adapting to the medical curriculum and examination system.
- Assistance is offered for admission formalities, registration with affiliating universities, and compliance with BMDC and other regulatory requirements.
- Support services are available for visa processing, extension, and related documentation in coordination with relevant authorities.
- English-medium instruction is maintained, with additional academic support where necessary to ensure effective learning and communication.
- Access to well-equipped lecture galleries, laboratories, dissection halls, museums, and simulation facilities is ensured on an equal basis with local students.
- Comprehensive library facilities, including textbooks, reference materials, journals, and digital resources, are available to support academic study and research.
- Clinical training facilities are provided in affiliated teaching hospitals, offering exposure to diverse patient populations and modern medical practices.
- Orientation programs are arranged to familiarize foreign students with academic regulations, assessment methods, institutional policies, and cultural norms.
- Administrative support is provided to assist with student identification, certification, transcripts, and other academic records.
- Equal access is ensured to extracurricular, cultural, and student welfare activities to promote social integration and overall well-being.

# EXCLUSIVE HOSTEL FACILITIES FOR FOREIGN STUDENTS

- The medical college provides well-maintained hostel facilities with both air-conditioned (AC) and non-air-conditioned (Non-AC) rooms to meet students' preferences and needs.
- Hostels are furnished, properly ventilated, and designed to ensure a comfortable and study-friendly residential environment.
- Qualified and experienced cooks are engaged to prepare hygienic, nutritious, and balanced meals for hostel residents.
- Regular cleaning services are provided by trained cleaning staff to maintain cleanliness of rooms, washrooms, corridors, and common areas.
- Laundry facilities are available for students, ensuring scheduled washing and proper care of clothing and linens.
- Continuous water supply, electricity with backup facilities, and adequate sanitation systems are ensured at all times.
- High-speed internet access, common study areas, and recreational facilities are available to support academic and personal well-being.
- Round-the-clock security, CCTV surveillance, and residential supervision ensure the safety and discipline of hostel residents.
- All cooking, cleaning, and laundry services are operated under the supervision of the hostel administration, with strict adherence to hygiene, safety, and institutional regulations.

# HOSPITAL FACILITIES

DCIMC is a well equipped modern teaching hospital along with the medical college section, which is located in the same premises.

- 24 hours causality service
- 24 hours Pathology lab service
- 24 hours Imaging, Radiology, ECG, CT Scan
- RT-PCR Lab
- Imaging systems like Ultrasound
- ICU, NICU, HDU services
- Haemodialysis
- Endoscopy & Colonoscopy
- Ventilator care under Anaesthesiology Department
- Computerized Pulmonary function lab under
- Chest & TB
- Surgical Intensive Care Unit

- Medical Intensive Care Unit
- Blood Bank and Laboratory Complex
- Obst & Gynaecology Block
- Nursing Unit
- ENT & Ophthalmology facilities
- Urology & Nephrology
- Diabetic Care Service
- Women's Care Center
- Radiology & Imaging Center
- Advanced Center of Kidney & Urology (ACKU)

## LAB FACILITIES

All departments have individual laboratories which are fully equipped with all modern lab facilities for smooth conduction of experiments.

# OFFERED COURSE & AFFILIATIONS

## Course offered & affiliation

Dhaka Central International Medical College offers 5 years MBBS course approved by BM&DC leading to MBBS degree of the University of Dhaka. The college has been permitted by the Ministry of Health & Family Welfare, Govt. of the People's Republic of Bangladesh and affiliated with the University of Dhaka.

### Departments

1. Anatomy
2. Physiology
3. Bio-chemistry
4. Community Medicine
5. Forensic Medicine & Toxicology
6. Pharmacology & Therapeutics
7. Pathology
8. Microbiology
9. Medicine
10. Surgery

### Departments

11. Paediatric
12. Gynae & Obs
13. Urology
14. Skin & VD
15. Ophthalmology
16. Orthopedics
17. Otolaryngology Head and Neck Surgery
18. Radiology & Imaging
19. Endocrinology
20. Anaesthesiology

**DHAKA CENTRAL  
INTERNATIONAL  
MEDICAL COLLEGE**

DCIMC has recruited highly qualified dedicated teachers from home and abroad. Service of experienced retired teachers are also utilized to provide the best teaching practices. Visiting teachers from national and internationally reputed organizations are also invited.

# ADMISSION & APPLICATION PROCEDURE

## Application Procedure

Application form, prospectus and other information are available at the office of Dhaka Central International Medical College and Hospital.

Completed application form and relevant documents must be submitted to the office by the candidate or his/her representative in person within the announced date and time.

## Admission

Admission will be on the basis of merit following the terms and conditions as directed by the Govt. of the People's Republic Bangladesh. At present the admission process will continue as per latest government decision for the session 2025-2026.

Those who have passed 'O' and 'A' level or equivalent examinations in the specified years having equivalent examination in the specified years having equivalent marks are eligible to apply with an equivalence certificate from Director General of Health Service, Mohakhali, Dhaka

## Document of be attached

For admission in MBBS course, the students need to apply in prescribed form which can be collected from the principal's office. The completed form, along with the documents is to be submitted on or before the date as declared in advertisement.

1. Attested photocopies of the transcripts of SSC and HSC or equivalent Examination.
2. Attested photocopies of the certificate/testimonial of SSC and HSC or equivalent examination.
3. Four copies of attested recent passport size photographs.
4. Nationality certificate from Chairman of the Union Parishad / Ward Commissioner of Metropolitan City or National ID Card.
5. Money receipt of the purchased college admission form.
6. Admission form must be completed properly.
7. Applicants copy & Admit card from DG Health.
8. Test score, merit score and merit position of the exam taken by DG Health.
9. Parents/Guardian Financial Solvency Certificate
10. Foreign students also admitted to DCIMC according to the instruction of MOH&FW of Bangladesh.

# IN-COURSE EXAMINATION & INTERNSHIP

## In Course Examination

Regular study and following the classes are indispensable for passing through the vast curriculum of the MBBS course. To conform the need of the course and achieving high standard regular periodic class tests, assignments, item, card final and term final examinations are conducted by each department. The card final and term final examinations try to mimic the University conducted professional examinations (discussed below).

10% of the marks of the written examination of each subject in the professional examinations are allocated to the scores obtained from in course evaluations and class attendants. Only those students, who would acquire at least 60% marks in the course evaluations and attend a minimum 75% of the classes, are allowed to sit in the professional examinations.

## Internship Training

Students who successfully pass through the final professional MBBS Examinations are required to undergo one year compulsory Internship Training in a BM&DC recognized hospital which of course include Dhaka Central International Medical College. It is prerequisite for each medical graduate to be a BM&DC recognized registered doctor and thus achieving the legal status of providing health care service and prescribe medicine.

Dhaka Central International Medical College has developed the full facility to design a fully structured and supervised training to develop the necessary skills and attitudes to deal with common health problems, to work in any hospital and community environment. The trainees are also entitled an appropriate subsistence allowance/ honorarium during the Internship. An Internship certificate mentioning the performance is issued by the hospital and academic authority.
